CURRENT MARKET VALUE OF HORSE FOR THIS YEAR

(Current market value is what the horse is exactly worth right now, as determined by the current market and the insurance companies, not what you paid for the horse or what you feel the horse is worth or will be worth in the future. This amount can change yearly, as mentioned above and a new sheet should be filled out at least annually or if the value of the horse changes. It is the responsibility of the owner to let the stable manager know if this sheet must be updated before the year is up.)
